Backend Engineer

Jakarta, Indonesia | Phone: 082322393720 | Email: manurungnico02@gmail.com

SUMMARY

My passion lies in Backend Development, especially with Go. I'm well-versed in Go with any popular framework by working on diverse projects. I have dived into deep engineering of microservices using gRPC, message broker, etc. Besides, I'm a problem solver with excellent communication skills, eager to contribute to software engineering solutions.
